In all other respects, this stipulated proposed order conforms to the Court's form of scheduling order for Non-ANDA Patent cases.

Should counsel be unable to reach an agreement on a proposed form of order, counsel must follow the provisions of Paragraph 8(g) below.

Any proposed protective order must include the following paragraph:

Other Proceedings. By entering this order and limiting the disclosure of information in this case, the Court does not intend to preclude another court from finding that information may be relevant and subject to disclosure in another case. Any person or party subject to this order who becomes subject to a motion to disclose another party's information designated "confidential" [the parties should list any other level of designation, such as "highly confidential," which may be provided for in the protective order] pursuant to this order shall promptly notify that party of the motion so that the party may have an opportunity to appear and be heard on whether that information should be disclosed.

7. Disclosures. Absent agreement among the parties, and approval of the Court:

(a) By August 27, 2020, Ultravision shall identify the accused product(s), including accused methods and systems, and its damages model, as well as the asserted patent claim(s) that the accused product(s) allegedly infringe(s). Ultravision shall also produce the file history for each asserted patent.

(b) By October 8, 2020, Acuity shall produce core technical documents related to the accused product(s), sufficient to show how the accused product(s) work(s), including but not limited to non-publicly available operation manuals, product literature, schematics, and specifications. Acuity shall also produce sales figures for the accused product(s).

(c) By November 12, 2020, Ultravision shall produce an initial claim chart relating each known accused product to the asserted claims each such product allegedly infringes.

(d) By December 17, 2020, Acuity shall produce its initial invalidity contentions for each asserted claim, as well as the known related invalidating references.

(e) On or before January 15, 2021, Ultravision shall narrow the previously asserted claims to a maximum of ten (10) claims per asserted patent.

(f) On or before February 12, 2021, Acuity shall narrow the previously identified prior art invalidity arguments, under 35 U.S.C. §§ 102 or 103, to a maximum of twelve (12) arguments per asserted patent. For the purposes of this Subsection, “argument” shall refer to a specific ground of anticipation or a specific obviousness combination.

(g) Within twenty-one (21) days of the Court’s order on Claim Construction, or by October 20, 2021, whichever is earlier, Ultravision shall narrow the previously asserted claims to a maximum of six (6) claims per asserted patent and provide final infringement contentions.

(h) Within thirty (30) days of service of Ultravision’s final infringement contentions pursuant to subsection (g), Acuity shall narrow the previously identified prior art invalidity arguments, under 35 U.S.C. §§ 102 or 103, to a maximum of eight (8) arguments per asserted patent and provide final invalidity contentions.

8. Discovery. Unless otherwise ordered by the Court or agreed to by the parties, the limitations on discovery set forth in the Federal Rules and Local Rule 26.1 shall be observed.

(a) Fact Discovery Cut Off. All fact discovery in this case shall be initiated so that it will be completed on or before November 19, 2021.

(b) Document Production. Document production shall be substantially complete by August 12, 2021.

(c) Requests for Admission. A maximum of 30 requests for admission are permitted for each side. This limitation is not inclusive of requests for admission related to the authenticity or admissibility of documents or other evidence, and such requests shall be specifically so identified.

(d) Interrogatories.

i. A maximum of 25 interrogatories, including contention interrogatories, are permitted for each side.

ii. The Court encourages the parties to serve and respond to contention interrogatories early in the case. In the absence of agreement among the parties, contention interrogatories, if filed, shall first be addressed by the party with the burden of proof. The adequacy of all interrogatory answers shall be judged by the level of detail each party provides (*i.e.*, the more detail a party provides, the more detail a party shall receive).

(e) Depositions.

i. Limitation on Hours for Deposition Discovery. Each side is limited to a total of 90 hours of taking testimony by deposition upon oral examination. Of these 90 hours, no more than 35 hours may be used for depositions of a party (under Rule 30(b)(6)) and its then current employees (under Rule 30(a)(1)). These limitations do not include hours devoted to the depositions of expert witnesses, but does include hours devoted to third-party depositions.

ii. Location of Depositions. Any party or representative (officer, director, or managing agent) of a party filing a civil action in this Court must ordinarily be required, upon request, to submit to a deposition at a place designated within this district. Exceptions to this general rule may be made by order of the Court. A party that becomes a counterclaimant, shall be considered as having filed an action in this Court.

iii. Expert Depositions: Depositions of expert witnesses are limited to 7 hours per witness per report. For the sake of clarity, a “report” that covers the topic of infringement/non-infringement will be treated separately from a report covering the topic of invalidity/validity, even if the same expert offers opinions on both topics.

(f) Disclosure of Expert Testimony.

i. Expert Reports. For the party who has the initial burden of proof on the subject matter (*i.e.*, infringement, invalidity, damages), the initial Federal Rule 26(a)(2) disclosure of expert testimony is due on or before December 17, 2021. The supplemental disclosure to contradict or rebut evidence on the same matter identified by another party is due on or before January 19, 2022. Reply expert reports from the party with the initial burden of proof are due on or before February 9, 2022. No other expert reports will be permitted without either the consent of all parties or leave of the Court. Along with the submissions of the expert reports, the parties shall advise of the dates and times of their experts' availability for deposition.

ii. Expert Report Supplementation. The parties agree they will permit expert declarations to be filed in connection with motions briefing (including case-dispositive motions).

iii. Objections to Expert Testimony. To the extent any objection to expert testimony is made pursuant to the principles announced in *Daubert v. Merrell Dow Pharmaceuticals, Inc.*, 509 U.S. 579 (1993), as incorporated in Federal Rule of Evidence 702, it shall be made by motion no later than the deadline for dispositive motions set forth herein, unless otherwise ordered by the Court. Briefing on such motions is subject to the page limits set out in connection with briefing of case dispositive motions.

iv. Expert Discovery Cut Off. All expert discovery in this case shall be completed on or before March 9, 2022.

(g) Discovery Matters and Disputes Relating to Protective Orders.

i. Any discovery motion filed without first complying with the following procedures will be denied without prejudice to renew pursuant to these procedures.

ii. Should counsel find, after a reasonable effort pursuant to Local Rule 7.1.1 that they are unable to resolve a discovery matter or a dispute relating to a protective order, the parties involved in the discovery matter or protective order dispute shall contact the Court's Judicial Administrator to schedule an argument.

iii. On a date to be set by separate order, generally not less than four (4) days prior to the conference, the party seeking relief shall file with the Court a letter, not to exceed three (3) pages, outlining the issues in dispute and its position on those issues. On a date to be set by separate order, but generally not less than three (3) days prior to the conference, any party opposing the application for relief may file a letter, not to exceed three (3) pages, outlining that party's reasons for its opposition.

iv. The parties shall provide to the Court two (2) courtesy copies of its discovery letter and any other document filed in support of any letter (i.e., appendices, exhibits, declarations, affidavits etc.). This provision also applies to papers filed under seal. All courtesy copies shall be double-sided.

v. Should the Court find further briefing necessary upon conclusion of the conference, the Court will order it. Alternatively, the Court may choose to resolve the dispute prior to the conference and will, in that event, cancel the conference.

9. Motions to Amend / Motions to Strike.

(a) Any motion to amend (including a motion for leave to amend) a pleading or any motion to strike any pleading or other document shall be made pursuant to the discovery dispute procedure set forth in Paragraph 8(g) above.

(b) Any such motion shall attach the proposed amended pleading as well as a "redline" comparison to the prior pleading or attach the document to be stricken.

10. Technology Tutorials. Although technology tutorials are not required by the Court, they are appreciated and, if any party chooses to file such a tutorial, it shall be submitted on or before the date that the Joint Claim Construction Brief is filed, i.e. June 10, 2021.

11. Claim Construction Issue Identification. On January 8, 2021, the parties shall exchange a list of those claim term(s)/phrase(s) that they believe need construction, and on February 9, 2021 the parties shall exchange their proposed claim construction of those term(s)/phrase(s). These documents will not be filed with the Court. Subsequent to exchanging those lists, the parties will meet and confer to prepare a Joint Claim Construction Chart to be filed on March 11, 2021 **(two weeks prior to service of the opening claim construction brief)**. The parties' Joint Claim Construction Chart should identify for the Court the term(s)/phrase(s) of the claim(s) in issue, and should include each party's proposed construction of the disputed claim language with citation(s) only to the intrinsic evidence in support of their respective proposed constructions. A copy of the patent(s) in issue as well as those portions of the intrinsic record relied upon shall be submitted with this Joint Claim Construction Chart. In this joint submission, the parties shall not provide argument.

12. Claim Construction Briefing. Ultravision shall serve, but not file, its opening brief, not to exceed 30 pages, on March 25, 2021. Acuity shall serve, but not file, their answering brief on all common claim construction issues, not to exceed 30 pages, on April 26, 2021. Ultravision shall serve, but not file, its reply brief, not to exceed 10 pages, on May 12, 2021. Acuity shall serve, but not file, their sur-reply brief on all common claim construction issues, not to exceed 10 pages, on May 27, 2021. No later than June 10, 2021, the parties shall file a Joint Claim Construction Brief. ² The parties must work together to ensure that the Court receives no more than a total of 250 pages (i.e., 50 + 50 + 25 regarding one side's motions, and 50 + 50 + 25 regarding the other side's motions) of briefing on all case dispositive motions and *Daubert* motions that are covered by this scheduling order and any other scheduling order entered in any related case that is proceeding on a consolidated or coordinated pretrial schedule.

17. Motions in Limine. Motions *in limine* shall not be separately filed. All *in limine* requests and responses thereto shall be set forth in the proposed pretrial order. Each ***SIDE*** shall be limited to three (3) *in limine* requests, unless otherwise permitted by the Court.
